Graduate Students, Academia Researchers, Industry & Government Practicing Engineers, Project Managers and Experts

Technion Dynamic Fracture Laboratory and Israel Aerospace Industries Invite You to Attend

UNDER EXTREME CONDITIONS

The Israeli Conference on Materials and Mechanical Systems @ the Forefront of Technology

SAVE THE DATE

25.11.2015

09:00-18:00

D. Dan and Betty Kahn Faculty of Mechanical Engineering Building, Technion - Israel Institute of Technology

Conference Topic Sections:

Strength and Failure of Aircraft/Aerospace Materials and Structures | Novel Design and Maintenance Methodologies for Improved Reliability

New Production Routes for Aerospace Materials and Structures | Advances in Propulsion and Heat Transfer Systems

For Further Information: **extreme@technion.ac.il** Registration

Full Conference Program Will be Published on October 15, 2015
